

DR. OSVALDO MINASI

Dr. Osvaldo Minasi is an Italian aesthetic dentist and implantologist with wide experience in the field.

He graduated from the University of Bologna (Italy). Post-graduation Dr. Osvaldo lead his own private practice in Italy until 2014 then he moved to Dubai.

He took part in many advanced postgraduate courses in order to master the different fields of dentistry, from aesthetic prosthodontics, performing the innovative BOPT (biologically oriented preparation technique) for crowns and bridges and veneers, to periodontics, endodontics, restorative dentistry and implantology, completing in 2013 the Post-graduate specialization in Implantology at Famam University (Brazil).

He's one of the very few dentists in the country treating postural disorders related to malocclusions, with special interest in those patients who practice any sport and want to enhance their performances through a perfect postural balance of the body.

Dr. Osvaldo is passionate about traveling and learning foreign languages. His multi lingual skills speaking fluently Italian, English, Spanish, Portuguese, Romanian, French made interactions with Dubai multicultural patients easier and faster.
